RUNWAY RUN 5K
DUBROVNIK

**RUNNERS
INFO**

IMPORTANT INFORMATION

**Required minimal age for all participants is +16 years.
All minors have to present their parents' or legal guardians' consent to participate in the race.**

**All participants have to undergo health check.
No runner can compete bearing other runner's BIB number and cannot exchange BIB number with any other runner. BIB number can be picked up only in person, after presenting a valid identity card or passport that contains a participant's photo.**

Since the race will take place within the airport's fenced security perimeter, registration and race fee do not guarantee a runner will be allowed to enter the before mentioned perimeter or participate in the race. Those runners who fail to pass the security check will not be allowed to participate in the race. In case a runner does not pass the security check, his/her race fee cannot be transferred to another runner and cannot be reimbursed.

Due to security reasons, supporters and fans cannot attend the race.

All the race participants have free parking in the Airport parking lot, as well as in the parking lot situated in front of the Passenger Terminal B (Arrivals).

START

Sunday, March 8th 2020, at 5.30 p.m.

CHECK-IN (PICKING UP THE BIB NUMBERS)

Runners can pick up their race packages on March 8th 2020 between 3.30 p.m. and 4.30 p.m. at the registration desk that will be situated on the first floor of Passenger Terminal B, Dubrovnik Airport.

BIB number has to be picked up in person, upon presentation of a valid identification document (identity card or passport).

Runners have to pick up their race packages not later than 4.30 p.m.

Changing the owner of BIB number **IS NOT** possible, because BIB number serves as each runner's identification!

SAFETY CHECK

The safety check will begin at 4 p.m.

All runners, without exemption, have to present a **VALID** identity card or passport. If a runner fails to present a valid identity document s/he will not be allowed to enter the airport's fenced security perimeter, even if s/he already paid a race fee. In that case, we cannot reimburse the race fee. During the pick up of race packages, the organizers will check whether participants have valid identification cards or passports.

Runners who do not have a BIB number and valid identification document will not be allowed to enter the airport's fenced security perimeter and therefore will be prevented from taking part in the race.

Entry into the fenced protected perimeter i.e. the area designated for security check will be allowed exclusively to the individuals who are already on the list of race participants. This will be checked by the certified security staff, in order to ensure the implementation of required demands regarding the control of entrance and access.

During the security check and after the race, when exiting the airport's fenced security perimeter, all runners have to have BIB numbers visible either on their chest or on their abdomen. When entering the area designated for security check, each race participant has to present his/her BIB number, along with a valid identification document that contains the participant's photo, to the security staff.

Runners who do not wish to run carrying their identity card or passport can give it to the Du Motion volunteer, after passing the identification procedures (described in the passages above), and right before the security check. After the race, all those runners will be able to pick up their identity card or passport, upon exiting the airport's fenced security perimeter.

All the prohibited items that are found in runner's possession during the security check will be permanently confiscated.

Animals are prohibited from entering.

Runners who – for whatever reason – fail the security check will not be able to participate in the race and their race fee will not be reimbursed.

As to the items that are allowed in the start zone, they are limited to a

mobile phone and a sports watch. Both have to be safely attached to the runner's body, thus preventing the items from fall and/or loss.

During the actual race, runners are prohibited from crossing the line of runway for taking off and landing (white color) and the line of taxiway (yellow color).

Right to the mentioned lines is the airport's runway lighting system that can present a hazard to runners, potentially causing fall or injury. For this reason, all runners are strictly prohibited from running right of the lines/ edges of both landing and taking off runway and taxiway.

Runners are strictly prohibited from throwing any kind of waste or and items along the race track. A breach of any of the above-listed rules will be sanctioned by the immediate exclusion from the race and disqualification, upon which the runner will be immediately escorted out of the airports' area.

After the race ends, during the exit from the fenced security perimeter, organizers will be conducting detailed evidence according to the list of runners who were previously allowed to enter the airport's fenced security perimeter. For this reason, it is important that runners do not take off their BIB numbers after the race ends. At the exit, participants will be able to pick up their identification card or passport.

TIME LIMIT

1 hour

LOCKERS

Runners will have at their disposal the lockers in which they can leave their personal belongings which are prohibited in the space of the actual race i.e. within the airport's fenced security perimeter.

TOILETS

Race participants can use toilets in the Airport building.

WATER STATION

The water station with refreshments will be set up in the start/finish zone of the race. Consuming the refreshments is allowed exclusively in the start/finish zone, and is strictly prohibited on the actual race track.

Competitors are strictly prohibited from bringing their own refreshments (neither food nor drink) into the space designated for the race. In case they bring in their own food or drink, security staff will confiscate those during the security check, before the entrance to the fenced security perimeter i.e. the actual space of the race.

IMPORTANT! Due to security reasons, there will be no water stations along the race track.

PARTY

Newrest Pasta Party will take place on the third floor of Dubrovnik Airport Terminal C (Departures), after the race.

RACE PACKAGE FOR ALL COMPETITORS

Each competitor on the starting list receives:

- official race t-shirt
- unique participant medal (received at the race finish)
- BIB number
- electronic measurement and result processing
- refreshment at the start/finish zone
- entrance to the after party

RESULTS

Timekeeping and result processing will be done electronically using one-time chips. Please do not bend the BIB number to avoid damaging the chip embedded in it.

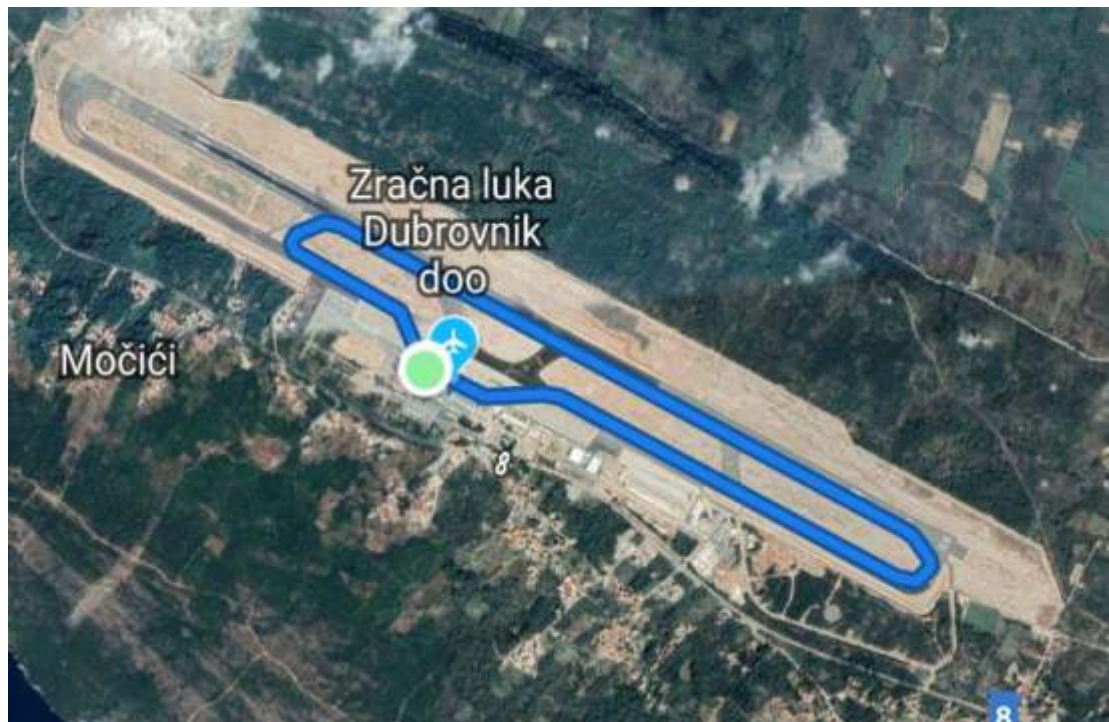

The race will have a so-called "gun start", which means the start of all competitors is instantaneous no matter how far the competitor is from the starting line. In the final results, the competitors will be able to get information about their chip time, but the ranking is done on the basis of a "gun start".

RACE TRACK

The race is run on the runway and taxiway of Dubrovnik Airport.

The entry is at Terminal B.

NOTICE

- All runners participating in the race are solely and exclusively responsible for any kind of damage or injury inflicted, either by the third party or by themselves, or to which they contributed by their own negligence. Each participating runner agrees to this release of liability by the act of submitting a registration form and picking up his/her BIB number.
- Organizers are not responsible for any kind of damage, injury or accident that occurred in regard to the race, whether prior, during or after the race.
